Technical Information:

We recommend a minimum of 32 stitches per 10 cm (8 stitches per inch) and seams must have a minimum 12mm (0.5") bite on the fabric.

Technical specifications may be amended, please check for the latest information.

Not suitable for use as removable loose covers.

Please ask if you require a sample of the current batch available but be aware that stock can move quickly.

Please note that all fabric offered is subject to minor tolerance in respect of shade and other slight variations.

Bespoke colours can be produced subject to minimum quantity orders.

Fabric Care:

Use a vacuum cleaner or soft brush to remove dust and solid particles

Do not steam clean

Remove all stains immediately before they set.

Do not use bleach

Wipe clean only. Wipe frequently with a damp cloth to maintain the appearance of the fabric.

Do not use marker pens on the back of the fabric

Poorly fixed clothing dyes, e.g. Denim, will cause permanent staining. Most stains can be removed using cold/warm water and a clean microfibre cloth.

Do not use solvents, chemical agents, waxes or polishes as this will damage the surface of the fabric.

Do not machine wash or dry clean
